

# JULY

This month I would like to share a wonderful opportunity for you and your family to get more involved in the study of the Bible. We have for a number of years at our church been able to offer our people access to the amazing resources available from Right Now Media. At this time, the folks at RNM would like to make it much easier and convenient for all of us to use this resource. I will be including in this article a number of ways that you can take advantage of the library of resources that they are offering to us. There is no financial obligation involved for any of us. The church pays a subscription to make this available. I hope that you will take the time to sign up and begin using the great variety of materials. There are amazing videos for our children. Your whole family will find things they can use and enjoy. The various included links and codes that follow will take you to the Right Now Community Church of Moab page where you will be asked to fill out a quick form and get setup to use the resources whenever it is convenient for you and your family. You may share this with your family even if they do not attend Community Church.

This is a QR code for setting up an account with Right Now Media.

Scan with a cell phone or tablet. iPhones should scan it by opening the camera and focusing on the code. (You will not need to take a picture of the code). This can be shared with family and friends, but it is intended for people who attend Moab Community Church.

If you like you can access the sign-up page from the following link.

<https://www.rightnowmedia.org/Account/Invite/Community>

Access and Create a RightNow Media account through a **text message**. Simply text your code to 41411 and VOILA! Those who text your code to 41411 will receive a link to activate your RNM account from your phone, it can't get any cooler than that!

Your text code is: **Rightnow MOAB** (the space between the 2 keywords is necessary)

Have a wonderful summer and enjoy some super Bible Study. Here is an idea. Invite a friend over and have a group study.
