

31 March 2010

Dear Family, Friends, and Partners,

We rejoice with the Pearson family! Look what God can do through those who give their lives to His service! On January 9, 2010, the Lote New Testament was dedicated. Our good friends, Greg and Mary Pearson, spent 24 years on the arduous task of bringing the Lote people the Scriptures. It marked the 175th completed New Testament in Papua New Guinea. It was also the 48th NT completed since the time the Clementz family began working in PNG. As teachers and youth workers in Ukarumpa, Molly and I count ourselves blessed

to have watched God bring this to completion. We thank those of you who pray for us and support us, as we well know it takes a 'team' to make these accomplishments possible. Thank you for your commitment to being a part of giving God's Word to Bibleless people.

Since we first became members in 1989, Wycliffe has been involved with the completion of 450 New Testaments worldwide! Wycliffe's vision is to see a Bible translation program in progress in every language by the year 2025. As we continue pressing forward to meet this goal we need more people like you to be involved through praying, giving, and even going! Please pray with us as we share the vision of Bible Translation and work on recruiting others for this vital task.

Our new responsibilities in Recruitment Ministries will help in bringing more people into this rewarding work. In addition to recruitment we believe God has given us a desire to work with young people toward inspiring them to missions. To that end, we are praying for a home big enough to host missionary kids and/or international students during their college years. Please pray with us as we ask God to unfold this desire He has placed on our hearts.

As we move forward we ask for prayer in the following areas:

- * For full funding so we can begin work in recruitment.
- * For our house to sell so we can relocate to the Midwest.
- * For the exact place to relocate and the right house to buy.

Pressing on patiently,
Robert for the Clementz family
There is only One Finish Line!!
